

Keeping it Fresh: Revised Guidelines to Get You Through Your Day
KSHA Annual Conference
September 21, 2017

KSHA's School Guidelines Task Force will share how the revised guidelines are a **guide** for school-based SLPs to use in conjunction with the Kansas Special Education Process Handbook.

The following areas, in particular, will be discussed:

- Importance of Kansas Special Education Process Handbook
- Changes to Eligibility and Exit Criteria
- Addition of Teletherapy
- Changes to Culturally and Linguistically Diverse
- Changes to Assistive Technology and Augmentative and Alternative Communication
- Changes to Dysphagia

The documents listed below will be referenced in the session.

Bring your electronic device or a copy of these documents to use during the session.

Kansas Special Education Process Handbook

<http://bit.ly/KSspedhandbook>

- found at <http://www.ksde.org> in Teaching & Learning tab in its Special Education Resources link in its Guidance Documents section
- also found at <https://www.ksha.org> in Members tab within SLP Resources

Kansas Guidelines for School-Based Speech-Language Pathologists

<http://bit.ly/KSHASchoolGuidelines>

- found at <https://www.ksha.org> in Members tab within SLP Resources

There will be opportunities for questions to be asked. One mode is electronically via Padlet.

After the session:

- Share the revised guidelines with two people (colleague, administrator, clinical fellow, field study student, etc.).
- Next week, select one student with an upcoming evaluation staffing (either initial or reevaluation) to use the **Kansas Special Education Process Handbook** and **Kansas Guidelines for School-Based Speech-Language Pathologists** in your decision making process.
